

We are an open, loving, and inclusive community that supports thinking creatively and living a deeply spiritual life.

Our PURPOSE is to love, teach, guide, and support a spiritual community in creating and living a life they love using Science of Mind and Spirit principles and practices.

Our VISION: Center for Spiritual Living St. George is a community-focused Center actively living, sharing, and nurturing its members and friends so that all may live their best lives.

Holy Boldness

Our prayers should be filled with conviction, warmth, color, and imagination. The creative power responds to feeling more quickly than to mental attitude.

As I reflect on the past eight years of serving on the Board for Center for Spiritual Living St George, I am filled with a profound sense of gratitude and appreciation. It has been an incredible journey - one that has been marked by growth, challenges, and above all, a deep sense of fulfillment.

When I first embarked on this journey, I could not have imagined the impact it would have on my life. From the very beginning, I was met with warmth and support from each of you, and it is this sense of community that has made the experience truly unforgettable.

Together, we have weathered storms and celebrated victories. We have navigated through uncertain times with resilience and determination, always keeping our shared vision and mission at the forefront of our endeavors. And through it all, we have remained steadfast in our commitment to making a positive difference in the lives of those we serve.

As I look back on the countless hours spent in meetings, brainstorming sessions, and community events, I am reminded of the incredible dedication and passion that each member of our Board has brought to the table. It is this collective effort and unwavering dedication that has propelled us forward and enabled us to achieve great things for our Center and community.

I am also deeply grateful for the invaluable lessons I have learned along the way. Serving on the Board has not only allowed me to contribute to meaningful causes but has also provided me with opportunities for personal and professional growth. I have gained valuable insights into leadership, teamwork, and the importance of fostering strong relationships built on trust and mutual respect.

Completing my term on the CSLSG Board, I did so with a sense of pride in all that we have accomplished together. While my time serving in this capacity may have come to an end, my commitment to our Center and its vision and purpose remains as strong as ever.

It is with great joy and optimism that I pass the torch to new members and leadership who will take things to even greater heights. It is truly beautiful to witness the fresh perspectives, innovative ideas, and boundless enthusiasm that they bring to the table. I have every confidence that under their guidance, our Center will continue to flourish and make an even greater impact in the years to come.

Yet, I must admit, there is a bittersweet feeling as I bid farewell to my role on the Board. While I am excited for the future and all that it holds, I cannot help but feel a sense of sadness at the thought of no longer being actively involved in this remarkable journey. I will miss the camaraderie, the sense of purpose, and the feeling of being part of something truly special.

I am grateful for the friendships that have been forged, the memories that have been created, and the impact that we have made together. As we continue on this journey, let us carry forward the spirit of collaboration, compassion, and dedication that has defined our time together.

Thank you for the privilege of serving our community these past eight years. It has been an honor and a privilege that I will always cherish.

With deepest gratitude,
Christopher McArdle RScP

June 2024 Weekly Talks

Holy Boldness

Life invites us to live with gusto and verve. The only thing holding us back is ourselves and possible perceptions of obstacles. If Harriet Tubman could make a way out of her extreme circumstances and experiences, we all can. Our attitude, outlook, willingness, perseverance, persistence, and resilience are critical. There is a sacred knowing deep within us that always supports and guides us. Combined with courage, tenacity, and keen inner listening, this innate knowing will deliver us from and through anything. As we work in partnership with Spirit, all things are truly possible, especially the seemingly impossible.

CSLSG Senior Minister Reverend Joe Kovach

June 2nd Sacred Audacity

Our participation is needed in life. We have choice and volition in how we engage. We can either subdue our light or live boldly in a vibrant manner. We have permission from Spirit to live creatively through our unique nature that was assigned just to us. We get to step out, draw outside of the lines, and think beyond our fears with our imagination and courage. When we act intentionally, humbly, and from our wellspring within, we can enjoy a bold grand rising into a new moment of transformation. This sacred audacity fuels us to reach, stretch, and strive.

June 16th Unbounded and Unstoppable

If we believe in something deeply and we decide to pursue it, we may feel a sense of freedom to accomplish it. There are no limits or barriers that can stop us. We feel like nothing is holding us back, and we are unbounded and unstoppable to express and manifest life's creativity. When we feel this way in God, we feel irrepressible and unrestrained, liberated and lifted, and ready to take on anything with faith, strength, and trust in the unlimited potential of the Infinite that is within and all around us.

June 23rd Higher Heights

Higher heights take us higher than where we are right now. We can't lift our vision and expectations with a downward gaze. We must elevate our vision upward, beyond the clouds, beyond the stars, beyond the rainbow to rise to higher heights. The infinite spectrum of Spirit applies directly to us. We have unlimited potential and abundant resources at our immediate disposal. However, we first have to remove any hidden beliefs that tell us we don't, or can't, or aren't. We live in a bountiful universe of greatness that continually exposes us to higher heights if we're open to it.

Bill Smith, RScP

Fired Up!

Have you ever been on fire about something and NOTHING could convince you otherwise? Where did that fire come from? As you reflect on it now, can you feel the fire and passion welling back up? Our imagination and recall can bring it and the drive behind it back to us again. Holy Boldness is the fire in your soul that propels you to action. It ignites the flame within, keeps it stoked, and confirms that anything is possible in God. Holy boldness is the "fire in the belly" that is the necessary conviction for effective prayer.

Colorful to the Core

As spiritual beings we are made all-inclusive through the creativity and abundance of God. At the center of our core is every color of the rainbow. We all come equipped with a color-filled palette at the core of our being, with all colors, shades, and hues. No matter if we tend towards colorful and vibrant or muted tones and shades, we all are our own version of “colorful to the core”. It takes all the colors and shapes in the spectrum to make up the infinite variety of who we all are, individually and collectively.
