Let's Talk About Sex,
Baby

We are spiritual beings having a human experience, and that includes pleasure as well! In the past, we have equated human experiences as "less than" spiritual ones, moralizing completely natural experiences and processes.

In doing so, we have denied ourselves the pleasure of having a human body while also shaming ourselves for desires and experiences that are not only natural, but positive and supportive of our Divine nature. It is time to return to Wholeness, understanding that every human experience is an aspect of Spirit.
