## *December 8th Hearts Ablaze*

We are feeling creatures who think – so says Dr. Jill Bolte Taylor, in her book *Whole Brain Living*. We can have all the words, all the information, all the intellect crammed full of facts, yet it is our feeling heart that is the true source of the power of the One Source moving through us, animating our life. We can be worn

down by what Howard Thurman calls “the dust and grit of the journey.” (from *The Moments of My High Resolve*) We can get lost in despair, disillusionment, and even disbelief. But if we can catch the divine spark, if we can let the holy invade the fog of separation, the Light within rekindles and blazes up with new vigor and inspiration.
